

HAIR STRAIGHTENER
LLPCW10

LLPCW10

Temperature Control

Advanced Hair Straightener with Temperature Control and Handle Lock

Model: LLPCW10

USAGE INSTRUCTIONS

- For best results, wash, comb and dry your hair until just damp to touch, although the hair straightener can be used for touch ups at any time
- Fully unwind the cable, plug the straightener into the mains socket and switch on the product
- Wait for 45-60 seconds to allow the appliance to reach its working temperature
- Use the temperature control wheel to adjust temperature appropriate for your hair type. The temperature ranges from 130 degree to 230 degree, with 230 degree appropriate for very curly hair
- Divide hair into manageable sections and clip the upper layers on top of your head and out of the way. Work with underneath layer first
- Take a small section of hair and pull hair down and away from your scalp and hold it taut
- Starting at the roots, clamp hair firmly between the plates and run the straightener down the entire hair strand, from root to tip, in one smooth stroke. Do not hold it in one area for a long period of time
- Repeat with all the sections of your hairs
- When you are finishing styling, slide the on/off switch to turn the unit off, unplug the unit and allow it to completely cool down before cleaning or storing

WARNING: Do not use this appliance near bathtubs, showers, basins or other vessels containing water

WARNING: Don't use this appliance near water

Consumer Warranty Card

Dear Customer,

Thank you for choosing a Lifelong consumer product. All Lifelong Consumer products are designed and manufactured to the highest standards to deliver high quality performance, as well as easy installation and use. At Lifelong, we believe in providing not only service, but adding value to your purchase. The warranty has therefore been designed especially for you with your interest at heart.

- Close supervision is necessary when the appliance is being used near children. To protect against electric shock, never allow the appliance, the mains cable or plug to come into contact with water or any other liquid
- Keep the appliance away from non-heat-resistance surfaces and never cover the appliance with anything (e.g. clothing or towels) when it is hot
- Always ensure that hands are dry before operating or adjusting any switch on the product or touching the plug and mains supply connections
- Keep the appliance away from water. Do not use it near or over water contained in bath, washbasins, shower etc.
- Never leave the appliance unattended when connected to the mains power supply. To disconnect, first ensure that all controls are in the OFF position, then remove the plug from the electricity supply
- Never wrap the mains cord around the appliance. Do not hang up by the power cord
- Regularly check the mains cord for damage, particularly where it enters the product and the plug
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety

USAGE SETTINGS

Using six temperature settings will give you the desired effect for all types of hair the appliance is used for. It is advisable to use the low settings on fine hair and higher settings on thick and curly hair

CLEANING AND MAINTENANCE

- The appliance must be unplugged before cleaning
- Let the appliance cool down before touching or cleaning
- Use the damp cloth to clean the plates
- Do not use any harsh detergents, abrasives, solvents or cleaners.
- Never immerse in water to clean
- Dry thoroughly before use

TECHNICAL SPECIFICATION

Voltage: 110-240V ~50-60Hz

Wattage: 40W

Terms and Conditions:

1. This warranty is void if:
 - a. The completely filled warranty card is not presented at the time of servicing the product.
 - b. The product is not operated according to the instructions given under the user manual.
 - c. Damages are caused by lightning, abnormal voltage, water or other liquid intrusion, fire, flood, accident, negligence or improper handling.
 - d. Product has been damaged due to installation, repairs, alterations or modifications by unauthorized service organizations or persons.
 - e. Product label specifying the model number, serial number and production code has been removed and altered.
 - f. Defects or parts requiring replacement due to ordinary wear and tear, corrosion, rust or stains, scratches, dents on the casing or paintwork of the product.
 - g. Claims damaged and/or missing parts (accessories) after 7 days from the original date of goods received.
 - h. Defects or faults in product which have been used for commercial/industrial purposes or which have been rented/leased or have been otherwise subject to non-household/non-domestic use.
2. Repairs or replacements will be carried out by authorized service provider.
3. During the limited warranty period, Lifelong or its authorized service provider will repair without charge the defective unit inclusive of labor and parts and restore the unit to its optimum working condition. All defective parts used for the warranty repair should be surrendered to Lifelong and/or its authorised servicer.
4. All expenses incurred in collecting the unit(s) or part(s) thereof from authorised service provider as well as any other expenses and incidentals will be borne by the consumer.

5. Lifelong obligations are limited to the repair and replacement of the defective product. Except as set forth above, there are no other express or implied warranty and all warranted, conditions or other terms implied by statute or common law (including any warranty of satisfactory quality, merchantability or fitness for a particular purpose) are excluded to the fullest extent permitted by the law.
6. Lifelong total liability for damages relating to or arising out of the purchase or use of the product regardless of the type or cause of such damage of the form of characterization of the claim asserted (e.g. contract or tort) shall not exceed the original purchase price paid for the product.
7. However in no event shall Lifelong and Lifelong authorized distributors be liable for any punitive, special incidental, indirect or consequential losses or damages whatsoever (including without limitation, damages for the loss of revenue, business, profits, goodwill, or contracts, business interruptions, loss of business information or any other pecuniary loss.) Whether or not Lifelong has been advised of the possibility of such damages. These limitations shall apply not with standing the failure of the essential purpose of any limited warranty. This limited warranty does not affect consumer's statutory rights under the law.
8. No carrier, dealer or employee is thereof authorized to make modifications to this warranty and you should not rely on any such representation. Lifelong reserves the right to amend the terms and conditions if necessary.

SAFETY INSTRUCTIONS

The following safety precautions should always be followed to reduce the risk of electric shock, personal injury or fire. It is important to read all of the instructions carefully before using the product and to save them for future reference or new users

- Do not operate this appliance if the cable or plug becomes damaged. A qualified electrician must always carry out any repairs that are necessary
- If the appliance stops unexpectedly or appears to malfunction, switch off the power supply, unplug from the mains and stop using immediately. Seek professional advice to rectify the fault or make repairs
- Keep the appliance and cable away from sources of heat, sharp objects or anything that may cause damage
- Ensure the appliance is switched OFF before connecting to the mains power supply
- Be aware that plates will become hot. Do not touch the plates and supervise others accordingly. Take care to avoid contact between the hot surface of the heating plate and bare skin, particularly around the ears, face and neck when in use
- Care should be taken not to touch this part of the appliance when it is switched on or just after it has been turned off

NOTE: ALLOW AT LEAST 20 MINUTES COOLING TIME BEFORE PUTTING AWAY

- Electrical appliances must always be stored in a secure place, out of reach of children
- Children should be supervised to ensure that they do not play with the appliance
