DOS & DON'TS:

- Please don't expose the main unit to any chemicals.
- Please don't place the main unit close to strong magnetic fields or electric fields.
- Please don't put the unit in water or near high temperatures.

- Please don't disassemble, repair or manufacture it by yourself.
- Please don't use the player or earphones while riding a bicycle or driving a car or a motorcycle, in order to avoid danger.
- Please don't listen at a high volume to avoid harmful effects on your hearing.

BASIC OPERATION:

Voice Switching: When the headset is switched ON, the English and Chinese Voice Prompt can be switched by pressing the 2-answer key when the headset is not connected.

Boot Operation: Long press front button for 2-3 mins until the indicator light turns red and blue alternately, and then use your phone to search for the model, and select the connection. Headset after being connected to the phone will broadcast the caller's phone number.

Forward and backward operation and volume control:

Up, down and volume can be adjusted in the stereo headset via the volume keys.

Shut Down and Charging:

Press the switch button until a red light flashes twice.

FREQUENTLY ASKED QUESTIONS:

1. Bluetooth Headset is not starting?

A. Check the headset power

2. Can you replace the battery on the headset?

A. No, the battery is not replaceable.

3. Does the Bluetooth headset disconnect from the phone after a distance of 10 metres?

A. Yes, as the Bluetooth device uses wireless technology, you are required to stay within the minimum range provided by the device and ensure that there aren't any metal barriers in between your phone and the Bluetooth headphones.

4. After connecting the Bluetooth headset to your phone, can you use the phone applications via the headset?

A. The device application software varies. Individual applications are not supported by headphone.
