QUICK START

1. Fit your bulb in the bulb holder and turn on the light switch. Smart bulb will start flashing quickly.
2. If Smart Bulb is not flashing quickly, please turn the power of the bulb on and off quickly 3 times. (Allow the light to turn on before turning back off each time. i.e. off-on-off-on-off-on)

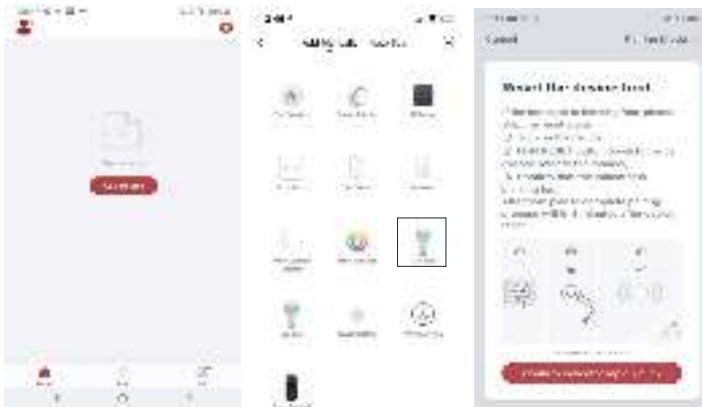

DOWNLOAD THE LIFELONG SMART HOME APP FROM APP STORE OR GOOGLE PLAY & REGISTER ACCOUNT

1. Search and download "Lifelong Smart Home App" on App Store or Google Play.
2. Launch "Lifelong Smart Home App" and click "Register".
3. Select your country code, enter your mobile number or email id. Then click on "Obtain Verification Code" to receive code on mentioned email id.
4. We will send you a verification code. Enter it in the Verification Code field, set your password and tap "Login".

ADD DEVICE THROUGH MANUAL MODE

1. Tap "+" at top right corner or "Add Device" button on home page.
2. Select Smart Bulb icon from the menu.
3. Click on "Confirm light blinks rapidly". Refer "Quick Start" section of this manual to understand the process of making light blink rapidly.
4. Enter Wi-Fi details and add device.
5. Please use the default manual mode. If it fails, please try again or use AP mode as shown in next section.

ADD DEVICE THROUGH AP MODE

1. If the application has failed adding the device, it will show error as per the image below.
2. After pressing "Got it", you can try to connect it again in manual mode.
3. Or you can try to connect it in AP Mode. Click on AP Mode on top right corner of screen. (Fig. 8)
4. Now the app will get into AP mode for device addition.

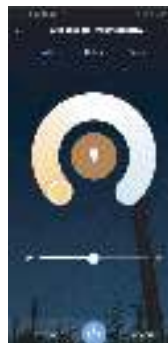

ADD DEVICE THROUGH AP MODE (CONTD.)

5. To put your smart device in AP mode from Quick mode, please turn the power on and off quickly 3 times. Bulb will start blinking slowly instead of blinking quickly.
6. Click on "Confirm light slowly blink".
7. Enter Wi-Fi Details and connect device (Works with **2.4 GHz** Wi-Fi).

CONTROL DEVICE

1. After connecting the device, it will automatically open to the Smart Bulb control page.
2. With buttons you find at the bottom of page, you can:
 - a. Change the intensity of light.
 - b. Change the colour of white from warm white to cold white.
 - c. Change colour of the bulb from 16 million colours.
 - d. Select one of scenes already created for you.
 - e. Schedule switching off and on at predefined time.

- Change device name.
- Set location of the device.
- Check how to connect voice control.
- Share the device with other.
- Create group.
- Remove device.

LINK WITH AMAZON ALEXA

- Download & configure Amazon Alexa app with your Amazon account.
- Tap on "Skills" in the Alexa app menu.
- Then search for "**Smart Bulb**". Tap "Enable To Use" to enable the skill.
- Enter the Lifelong Smart Home App account & password and then tap "Link Now" to link Smart account with the skill.

LINK WITH GOOGLE ASSISTANT

1. Download & configure Google Home app with your Google account.
2. Click on "Add" button on homepage and then click on "Set up device".
3. Under "Works with Google", click on "Have something already set up?".
4. Search and Enable "**Smart**" action.
5. Enter Lifelong Smart App account & password and then tap "Link Now" to link Smart account with the action.

CREATE SCENES AND AUTOMATION WITH SMART APP

Scene - A scene is a set of commands assigned to the various devices that will be activated simultaneously whenever you click on the created scene or in the days and hours programmed by you.

Automation - An automation is the execution of a specific command given to a device when a specific condition has been activated.

You can create an infinite number of scenes and automations making various Lifelong devices interact with each other.

Click "Smart" at the bottom centre on home page, then "+" in the upper right corner, you can choose to add a new scene or an automation.

HOME & FAMILY MANAGEMENT

1. Click on "Me" button bottom right corner of home page to get to profile section.
2. Click on Home Management to manage different places where Lifelong Smart Home products are installed.
3. Under individual home, you can add / remove family member, change room setting for home, etc.

FAQs

1. Can I group multiple Lifelong devices together?

Yes, you can group multiple devices of the same type together, by room, by location, or however else you want. The same devices can be in multiple groups.

From your main devices list, press on one of the devices you want to group, press the menu button on the top right and click "Create Group". You will then be able to choose from devices you can group together.

2. How many devices can I control?

Lifelong Smart Home app can control unlimited amount of devices in unlimited number of locations. However your router have of limit of devices that can be connected to it. Thus limit depends upon quality of your router.

3. The device appears offline or unreachable, what should I do?

Make sure your Wi-Fi router is online and in range. Make sure you have the latest Lifelong Smart Functionality by pressing "Check for Firmware Update".

Remark:

Pictures shown in instruction manual could be a bit different from the pages of your app becuse product & software update periodically.
