DOS AND DON'TS:

Keep the Titanium Mixer Grinder away from heat and sunlight.

Clean the jars carefully before use.

Do not place the machine on a wet surface.

Never try to touch the moving parts or blades of the mixer grinder while operation.

The jars can be cleaned by using regular dishwashing soap.

After thoroughly rinsing with soap, clean the jars with a dry cloth.

Never store the jars with closed lids.

Do not use any detergent soap solutions on the main body.

Clean the body with a dry cloth before storing for next use.

Never immerse the motor in the water for cleaning

Never pull the cord to take out the plug from the socket

Always switch off the power supply button before cleaning, emptying or when not in use.

Do not use the Liquidizer jar for dry/wet grinding, grating, chopping or mincing functions.

LIQUIDIZING AND BLENDING

STEP 1: The Liquidizing and blending jar is used for preparation of shakes, juices etc.

STEP 2: Before starting the mixer grinder for the first time or after a long period of time, rotate the motor shaft with hand to ensure that it turns freely and smoothly.

STEP 3: Place all the ingredients in the jar and close the lid properly

STEP 4: Now switch on the grinder for operation

Note: Do not use this jar for wet grinding

WET/DRY GRINDING

STEP 1: The wet /dry grinding jar is used for grinding items like Idli and Dosa batter, coconut chutney, groundnut, red chili powder, sugar, vegetables, etc.

STEP 2: Make sure that the dry grinding jar is absolutely clean and dry before use.

STEP 3: Use small pieces of ingredients for grinding.

STEP 4: Fill the jar with ingredients up to the marked capacity

STEP 5: Put the flat lid on top of the Jar. Grind at low speed for 15-30 seconds and then move to higher speed

Note: Always move gradually from lower speeds to the higher speed. During the grinding process, as the jar might pop up due to friction. Do not panic. This happens gradually.

CHUTNEY MAKING

STEP 1: The chutney jar is mainly used for making chutney.

STEP 2: Use small pieces of ingredients for grinding.

Step 3: Put the ingredients in the chutney jar for grinding. Hold the lid tightly so that it doesn't pop up.

STEP 4: The ingredients should not be too large. Break ingredients into smaller pieces.

Note: The lid should be properly pressed.

OVERLOAD PROTECTION:

- The overload protector is designed to protect the motor from burning.
- In case of an overload, the blade of the jar stops rotating and the motor gets jammed or starts heating up.
- If such a situation occurs the mixer grinder will automatically trip off and hence protect the motor.
- Let the motor cool down for a couple of minutes. The red button of the overload protector switch located at the bottom of the mixer grinder has to be pressed for re-operation.
- If you have to reset the overload protector again and again, try reducing the quantity of ingredients in the Jar

CLEANING INSTRUCTIONS:

- Before use pour warm water in the jar, run for a few seconds and throw away the water.
- The cleaning of the mixer grinder and jars are very necessary for maintaining smooth operation of the mixer grinder and proper hygiene.
- After you have used the mixer grinder, use warm water to remove the smell of the material from the jars and then rinse under running water.
- In order to clean the blades thoroughly, remove the blades by using the spatula to loosen the screw by twisting the dome nut on the blade clockwise, while holding the coupler from under the jar.

Consumer Warranty Card

Dear Customer,

Thank you for choosing a Lifelong consumer product. All Lifelong Consumer products are designed and manufactured to the highest standards to deliver high quality performance, as well as easy installation and use. At Lifelong, we believe in providing not only service, but adding value to your purchase. The warranty has therefore been designed especially for you with your interest at heart.
