INSTALLING THE LIFELONG SMARTSTREAM FULL HD PROJECTOR:

Choosing the Location

Think about the following aspects before deciding where to mount your projector:

- Screen dimensions and placement
- Location of electrical outlets
- The projector's location and the separation between it and the other equipment

The following methods are available for projector installation.

Desktop in Front

- Choose this spot, placing the projector in front of the screen close to the ground.
- The most popular method for projector positioning that allows for easy setup and portability is this one.

- After turning on the projector, set the following:

Setting > Projection Settings > Projection Mode > Front-Desktop

Front Ceiling

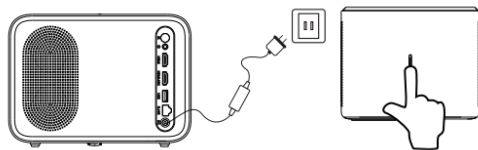

Select this location with the projector suspended from the ceiling in front of the screen.

Turn on the projector and make the following settings:

ABCD setting > Projection Settings > Projection Method > front ceiling

STARTING THE LIFELONG SMARTSTREAM FULL HD PROJECTOR:

Connect the projector's power line to both an outlet and a power source. Activate the power outlet switch (where fitted). After power is applied, the projector's power indicator light becomes white.

1 Connect the AC power to the projector

2 Connect the power from the socket

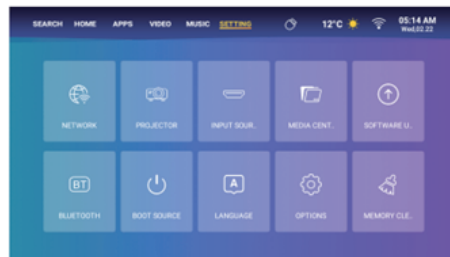

3 Power on

Kindly make use of the included power cable to prevent potential hazards like electric shock and fire.

The power button's indicator light will remain white.

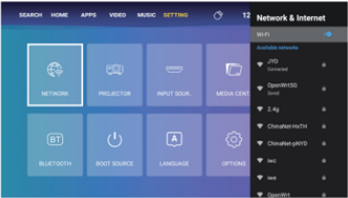

SETTING UP THE LIFELONG SMARTSTREAM FULL HD PROJECTOR:

- Basic user preferences, program management, software versions, network, Bluetooth, projection, language, and date settings, as well as other options related to this machine, are all listed.

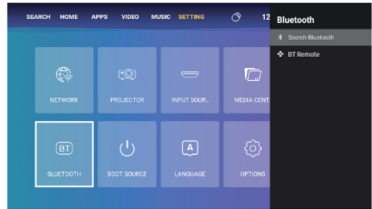

Network Setting

Once the user has established a hotspot or made a Wi-Fi connection, they can see the online video.

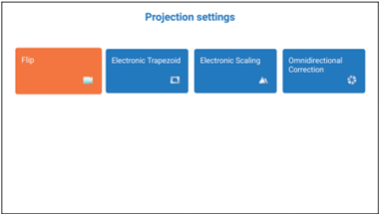

Bluetooth Setting

Link Bluetooth headphones, speakers, phones, headsets, and other gadgets.

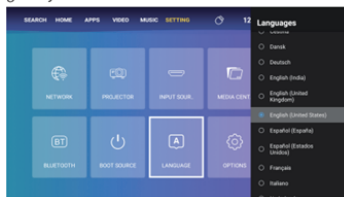

Projection Setting

The installation mode can be changed by the user to either rear or cast projection. Keystone corrections can be left-to-right, up-and-down, or four-point trapezoid shaped. Keystone correction can be switched on or off automatically. Scaling can be adjusted both horizontally and vertically using the infinite zoom.

Language Setting

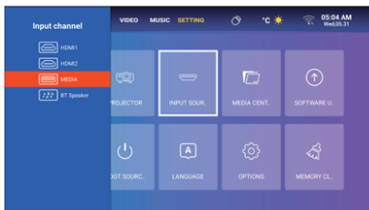

By default, users can select Chinese, Portuguese, etc. By default, this version is in English.

OPERATING THE LIFELONG SMARTSTREAM FULL HD PROJECTOR:

Signal Selection

Choosing the appropriate signal input source is necessary for users to use the computer, TV, set-top box, gaming box, and DVD. Once you select the home page, the drop-down selection menu as seen below will appear.

Connecting HDMI Devices

An HDMI cable can be used to connect your PC, smartphone, tablet, and other play devices. Furthermore, enable U disk connection to see contents on your U disk.

You can also use a keyboard and mouse to control the projector when connected via a USB port.

Operating Homepage

The homepage displays YouTube, Netflix, Google, File Explorer, Settings, Applications, and Source. The external device's entrance is the source. To download the application, the user hits the "App store" link.

Eshare & AirPlay Mirroring

- Enter Home Screen > APPS > Eshare Server
- Scan the QR code on the Eshare application or go to the URL displayed at the bottom of the projection screen using your phone to download and install it.
- Join the same Wi-Fi network as your phone and projector.
(Refer to Setting Up Wi-Fi)
- Navigate to the device name displayed at the bottom left of the home screen, enter the installed Eshare application on your phone, and choose the content you wish to project.

Note: The system version of your smartphone must be higher than Android 5.0 to use Eshare Mirroring. For iOS devices that mirror, please use the airplay link provided below.

SAFETY PRECAUTIONS:

- Use this product solely as directed by the instructions provided in this manual.
- When the projectors are operating, avoid peering into the lens.
- Nothing that could clog the projector's ventilation apertures, such as cloth.
- This projector does not have a waterproof feature; therefore, it is not appropriate to place a cup or vase around it.
- The projector needs to be kept dry and clean when it is being used.
- If the projector hasn't been used in a while, please turn it off and disconnect the power source.

- When transportation, please utilize the foam and other shockproof materials that came from the factory.
- Do not try to fix a malfunctioning projector on your own. Please get in direct contact with your factory or distributor.
- Do not disassemble to reduce the possibility of electrical shock.
- or fix the apparatus. An improper repair could put persons at risk for electronic shock or harm while in use.

Terms and Conditions:

1. This warranty is void if:
 - a. The completely filled warranty card is not presented at the time of servicing the product.
 - b. The product is not operated according to the instructions given under the user manual.
 - c. Damages are caused by lightning, abnormal voltage, water or other liquid intrusion, fire, flood, accident, negligence or improper handling.
 - d. Product has been damaged due to installation, repairs, alterations or modifications by unauthorized service organizations or persons.
 - e. Product label specifying the model number, serial number and production code has been removed and altered.
 - f. Defects or parts requiring replacement due to ordinary wear and tear, corrosion, rust or stains, scratches, dents on the casing or paintwork of the product.
 - g. Claims damaged and/or missing parts (accessories) after 7 days from the original date of goods received.
 - h. Defects or faults in product which have been used for commercial/industrial purposes or which have been rented/leased or have been otherwise subject to non-household/non-domestic use.
2. Repairs or replacements will be carried out by authorized service provider.
3. During the limited warranty period, Lifelong or its authorized service provider will repair without charge the defective unit inclusive of labor and parts and restore the unit to its optimum working condition. All defective parts used for the warranty repair should be surrendered to Lifelong and/or its authorised servicer.
4. All expenses incurred in collecting the unit (s) or part(s) thereof from authorised service provider as well as any other expenses and incidentals will be borne by the consumer.
5. Lifelong obligations are limited to the repair and replacement of the defective product. Except as set forth above, there are no other express or implied warranty and all warranted, conditions or other terms implied by statute or common law (including any warranty of satisfactory quality, merchantability or fitness for a particular purpose) are excluded to the fullest extent permitted by the law.
6. Lifelong total liability for damages relating to or arising out of the purchase or use of the product regardless of the type or cause of such damage of the form of characterization of the claim asserted (e.g. contract or tort) shall not exceed the original purchase price paid for the product.
7. However in no event shall Lifelong and Lifelong authorized distributors be liable for any punitive, special incidental, indirect or consequential losses or damages whatsoever (including without limitation, damages for the loss of revenue, business, profits, goodwill, or contracts, business interruptions, loss of business information or any other pecuniary loss.) Whether or not Lifelong has been advised of the possibility of such damages. These limitations shall apply not withstanding the failure of the essential purpose of any limited warranty. This limited warranty does not affect consumer's statutory rights under the law.
8. No carrier, dealer or employee is thereof authorized to make modifications to this warranty and you should not rely on any such representation. Lifelong reserves the right to amend the terms and conditions if necessary.
